FOX Wall Box

Recessed Hose Union Tap Enclosure

The FOX Wall Box provides a secure enclosure for the installation of an external water supply hose union bib tap for both domestic and commercial installations. Suitable for both new build and upgrade applications.

Key Features

- Designed for installation in wall recess to give flush fitting face—effectively no projection from wall when closed.
- Can be face mounted if preferred e.g. existing installations.
- Powder coat finish over galvanised steel welded construction. Range of standard colours available
- Quality key operated 1/4 turn latch and robust face-mount hinges giving 180° opening.
- Hose connection port permits closure of door with hose connected.
- Hose connection port accepts standard quick release connectors (not supplied).
- Free draining to front face.

Flush to face recessed wall installation. Quality door hardware.

Door opens to 180°. Key operated 1/4 turn latch. Hose port permits closure of door with hose connected.

Designed to house standard 1/2" hose union bib tap. Can be supplied housing only or with tap fitted.

FOX Wall Box

Recessed Hose Union Tap Enclosure

Detailed Description:

FOX Wall Box. Wall mounted hose union tap enclosure designed for flush or face-mount installation. Powder coat finish over galvanised steel welded construction. Key operated 1/4 turn latch, supplied with one key. Access door opens to 180°. **Free draining to front face.** Hose connection port to front face permits closure of door with hose fitted—port accepts standard quick release hose couplings (not supplied). Can be supplied as housing only or with tap & wall plate fitted.

The installer is responsible for ensuring the suitability of the specification for the application.

Standard parts, alternative configuration on request:
